Using My Imagination to Create Art

Step 1: Use silver or gold paper (I stamped Smoky Slate using the smallest clear stamp)... but you can use any color paper you want.

Step 2: Using 3/8" circle punch from the Itty Bitty Punch Set punch the paper.

Step 3: Using the 1/2" circle punch hold up the paper and punch the paper so you can see the smaller punch in the middle... and punch.

Step 4: Cute one of the rings and apply glue and glue the cut one to the back of the other.
Your done!
